

Profile: *Passionate and progressive researcher, writer and editor. Skilled at communicating complex topics in accessible language to diverse audiences. Strong interdisciplinary background at the doctoral level complimented by work experiences in social media, administration, and program management.*

Experience highlights:

Public Relations:

- At Ameritocracy.com, pitching the media (once, literally, in an elevator) regarding product launch and the addition of Board members
- Identifying websites with a similar target audience, posting a quote, and back-linking to the website
- Posting blog entries to encourage engagement with website

Communicating complex topics in accessible form orally, in print, and online

- Organized and spoke at public forums to facilitate religious dialogue with and acceptance of evolution
- Taught students a variety of subjects including feminism, biomedical ethics, history, religion and the natural sciences at an appropriate level for their education
- Blogged on issues including women's issues, poverty and economics, rhetoric in the media, climate change and more
- As a Rotary Scholar, visited Rotary clubs in the UK to facilitate international goodwill and gave speeches about the US

Project Coordination:

- For Ameritocracy.com, contacted potential investors and partners; managed team of writers to deliver timely, targeted content to keep site updates relevant and regular; coordinated logistics for a focus group to obtain feedback on the product
- As a Teaching Fellow, combined administrative activities with teaching and utilizing online education technology to facilitate course goals

Grant writing and editing:

- Wrote grant proposal for ISCID.org for a Metanexus grant.
- Edited marketing proposal for SCA Direct's bid for the American Diabetes Association project
